To the FCC:I would like it to be known that I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are definately not available elsewhere.

I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear.

I would like to urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve!

Thank-You!
